2. The Fuel Purchaser

Yupit School District will enter into a contract with its selected Supplier covering the selected Areas for that Supplier.

3. Contract Term

The term of the Contract(s) shall be for a period of one (1) year, commencing on May 1, 2024 and expiring on April 30, 2025.

4. Instructions to Potential Suppliers

- a. Potential Suppliers are instructed to use the attached Area Sheet forms in submitting proposals. These Area Sheets, as submitted in the selected proposal, will be attached to and be incorporated into the final written contract with the **Yupit School District**.
- b. A clear photocopy of the Area Sheet form may be submitted, but it must have original signatures.
- c. All fuel deliveries must take place as stated, during the 2024 summer barge season, unless otherwise agreed to by the **Yupit School District**, prior to the opening of school for the 2024-2025 school year.
- d. The Area Sheets cover locations in the State of Alaska that are accessible by waterway. Enter the price per gallon delivered and extension for each location you are proposing to supply. Sign, date and have each Area Sheet notarized then return all relevant proposed Area Sheets with your proposal.
- e. In case of error in the extensions of prices in the proposal, the unit prices will govern.
- f. For the purpose of evaluating the proposals, price and contract term, offers made in accordance with the Request for Proposals shall be good and firm for a period of one hundred twenty (120) days from the date of proposal opening unless the potential Supplier specifically limits their offer to a shorter period by written notification on the proposal documents. However, proposals so modified may be rejected.
- g. **Yupit School District** shall not under any circumstances be liable for any costs incurred by the Potential Contractor in proposal preparation, including in the event of the rejection of all proposals.
- h. All proposals must be submitted with a source of supply, lifting location, and scheduling window. As part of your submittal, please enclose an example of the daily-posted prices for the date loaded. Also include a copy of the #1 diesel fuel and unleaded gasoline product specifications.

- j. Proposal opening is scheduled for **Thursday, April 25, 2024**. The proposal opening will be on this date.
5. Basis for Selecting Successful Proposals
- a. In selecting the Contractor for each location, **Yupiit School District** will take into consideration: price; past performance; deviations from proposed contract terms; and the overall best value. The intent is to award all of the deliveries indicated in each Area to a single Contractor. Awards of less than a complete Area will not be considered.
 - b. A Proposal will likely not be selected by **Yupiit School District** when:
 - i. The Potential Contractor has failed to perform satisfactorily on a previous contract with **Yupiit School District** or in the **Yupiit School District's** opinion, is not in a position to perform the contract.
 - ii. The Area Sheets are not signed and notarized.
 - iii. The proposal materially changes the price calculations method of Price Index (such as referencing the Contractor's own posted price list or the fuel supplier's posted price list)
 - iv. In **Yupiit School District's** sole determination, the Potential Contractor makes other material changes in the specifications or terms and conditions of the Request for Proposals.
 - v. The Potential Contractor proposes an "all or nothing" type of proposal wherein the award of one area at a given price is contingent upon the award of both areas. Such a proposal is unacceptable and, by submitting prices for each area, potential contractor accepts that **Yupiit School District** has the right, at its sole

option, to award a contract for each individual area, independently using a potential contractor's bid price for said individual area.

- c. **Yupiit School District** reserves the right to reject any and all proposals, to waive deviations from the RFP and to waive any informality in proposals received whenever such rejections or waiver is in the best interest of **Yupiit School District**, and unless otherwise specified by the Potential Contractor, to accept any items in the Proposal.
 - d. Proposals must clearly show the per gallon delivery fee as proposed for each location.
 - e. **Yupiit School District** would like to clarify that all of the fuel requirements in the Fuel Bid are High Sulfur (HS) heating oil (HO) #1, and gasoline will be unleaded 89-93 octane gasoline and shall comply with most recent American Society for Testing and Materials "ASTM" D4814 or latest edition standard specifications for automotive gasoline.
6. Optional Inclusions
- a. Prompt Payment Discounts. Prompt payment discounts shall be considered in the evaluation of this Request for Proposals such as: 2% discount if paid within fifteen (15) days after receipt and acceptance at destination and receipt of a payable invoice delivered to **Yupiit School District**.
 - b. The offered discount of the successful Contractor(s) will form a part of the Contract. Discounts based on less than fifteen (15) days' time for payment will not be considered for evaluation purposes.
