Re: Action Item C.

The Administration recommends the approval of the Revised Standard Operating Procedures (SOP).

PAYROLL PROCESSING PROCEDURES

1. **PURPOSE:** To establish procedures for initiating, processing, authorizing, reviewing and recording payroll transactions.
2. **AUTHORITY:** Superintendent
3. **RESPONSIBILITY:** Business Manager and Payroll Specialist
4. **PROCEDURES:** The following procedures should be followed for completing transactions in the payroll cycle:
 - A. **Employee and personnel records –**
 1. Each employee should have a file which contains a contract of employment, relevant tax and deduction information, W-4's, a current personnel action form which includes salary information and account coding, and any other information that is relevant and/or necessary for payroll processing.
 2. All personnel changes should be prepared by HR, signed by the supervisor and/or Superintendent, as indicated by signature or initials.
 3. All changes to the master personnel file in software system should be reviewed by the Business Manager.
 4. The Business Manager and Payroll Specialist should immediately be informed of any employee terminations. The terminated employee's rights to access the computer system should be immediately removed, and an exit interview should be conducted.
 - B. **Processing payroll transactions –**
 1. Employee time is recorded using the TimeClock Plus system. The employee will use the system to request leave.
 2. Managers will use the TimeClock Plus system to review employee hours and approve leave requests.
 3. The Payroll Specialist will review the TimeClock Plus system for employee hours and approved leave requests.
 4. The Payroll Specialist will then download the .txt file from TimeClock Plus and upload into the Black Mountain Software system.
 5. Errors identified on the timecards or adjustments made to the timecards should be communicated to the site supervisor.
 6. The Payroll Specialist will print timecards from TimeClock Plus for the payroll period. The timecards will be signed by the employee and their supervisor and returned to the Payroll Specialist.

 8. The Payroll Specialist should process payroll upon approval.

YUPIIT SCHOOL DISTRICT
AKIACHAK, AK

 10. Business Manager will review and approve the ACH for release in the bank system.
 11. Paystubs will be distributed by the Payroll Specialist and the school site secretaries.
 12. The Payroll Specialist shall process all payroll liability payments immediately after payroll is processed with the goal of processing all transactions before the end of the month related to each payroll.
- C. Reporting payroll transactions
1. Payroll expenses should be compared with budgeted amounts by the Business Manager and site supervisors on a monthly basis.

PURCHASING PROCEDURE

1. **PURPOSE:** To maximize the value of public resources in order to maximize educational programs of the school district.

2. **AUTHORITY:** Superintendent

3. **RESPONSIBILITY:** It is the responsibility of the individual, referred to as the originator, requiring equipment, supplies, and/or services to initiate the requisition, by summing the request to the school site secretary. The school site secretary will enter the information using the remote requisition process in Black Mountain Software. It is the responsibility of approvers to ensure order submitted are approved in a timely manner. It is the responsibility of the Accounts Payable Specialist to issue a Purchase Order (PO) for each approved requisition and send to the originator.

4. **GENERAL PROCEDURES:** The following procedures should be followed in all instances in which a vendor is to eventually receive payment directly from the school district for goods and/or services furnished to the school district.

A. **Originator's responsibilities:**

1. The originator of the requisition should be the school district employee who is requesting goods and/or services from a vendor. The originator must submit the requested supply list to the school site secretaries. The site secretary will then enter all appropriate information in the remote requisition module of Black Mountain Software, including using an approved vendor. The originator is responsible to identify the source of funding for the purchase and to enter the accounting codes on the requisition.
2. Once the Purchase Order is received from the AP Specialist, it is the originator's responsibility to place the order, track the order, and submit packing slips and confirmation to the AP Specialist to confirm receipt of the purchase.

NOTE:

Estimated freight or postage shall be listed on the requisition. If in doubt as to an appropriate estimate, use 20% of the merchandise cost. Be certain to define the shipping method (e.g. air freight, insured parcel post, etc.).

B. **Requisition approver responsibilities:**

1. The requisition approvers must first determine that the items being requested are actually needed or wanted and eliminate any he/she determines to be unneeded or unwanted.
2. The entire requisition should be checked for errors and corrected if necessary.
3. The proper account code or codes must be placed on the requisition with a dollar breakdown between codes. (Coding of items should be completed based on the item and not the budget line item where money is available).
4. If it is determined that there is sufficient money in that line item of the budget, the requisition should be approved in the Black Mountain remote requisition module.

C. **Accounts payable responsibilities:**

YUPIIT SCHOOL DISTRICT
AKIACHAK, AK

1. Upon notification of approved requisition, the AP Specialist will convert approved requisitions into Purchase Orders.
2. The AP Specialist will then send the Purchase Order to the originator.

5. CREDIT CARD PURCHASES; the following procedures shall be followed:
- A. Funds must be available in budget accounts used for credit card purchases.
 - B. A copy of the confirmed purchase receipt must be submitted monthly.
 - C. A log of all credit card transactions must be submitted at the end of each month; account codes are required.
 - D. Failure to comply with these procedures will result in termination of credit card privileges.

6. SPECIFIC PROCEDURES: the following procedures should be followed when appropriate:

A. YSD DOES NOT ACCEPT ORDERS "ON APPROVAL":

NOTE: Invoices received by the school district from vendors requesting payment for goods and/or services that were requested by an employee who did not follow the above procedures will not be honored by the school district. These vendors will be referred to the employee to collect the billed amount or the school district will make payment and deduct the amount from any monies the school district owes the employee.

B. Travel: Requisitions for all travel, including air fare, hotel and rental car (accompanied by an approved leave request form) will define the names of all persons traveling, departure point, destination and return as appropriate, dates of travel and purpose for travel. Travel requests should be scanned and sent to district office three weeks in advance of the departure date to allow time for processing and to enable the district to receive the best air fare prices.

All travel must have an approved leave slip signed by the Supervisor and/or the Superintendent. See standard operating procedure No. 7 Travel.

RECEIVING REPORT PROCEDURE

1. **PURPOSE:** To establish procedures for informing those responsible for managing the school district's business affairs of the quantity and quality of items received so that vendors may be properly and promptly paid.
2. **AUTHORITY:** Superintendent
3. **RESPONSIBILITY:** All budget supervisors are responsible for ensuring compliance with this procedure.
4. **REPORTING:** A copy of the Purchase Order (PO) will be used to report receiving information as follows:
 - A. The person receiving the items will take an inventory upon receipt and enter the quantity of items received on the purchase order copy.
 - B. If all items on the purchase order have been received, sign and date the copy of the PO at the bottom right hand corner in the space allocated for this purpose and scan it to the **AP Specialist** along with a copy of the packing slip.
 - C. If only a partial shipment is received, make a photocopy of the PO, check off the items received, sign and date the copy and scan it to the **AP Specialist**, along with a copy of the packing slip. When all items on the original PO have been received, sign and date the copy of the P.O. at the bottom right hand corner and scan it to the **AP Specialist**.
 - D. **When available, scan to the AP Specialist a copy of the freight bill.**

The Administration recommends the approval of the resignation for Michelle Perkins, Literacy Coach for Akiachak School, effective October 18, 2019.

Friday, October 11, 2019

Paul,

It is with great sadness that I have to inform you of my resignation. I have been informed of some family problems at home that require my presence. I know that the problems at home will require me to be home for an extended amount of time with no definitive end. Due to these unforeseen circumstances, I feel it is best for me to resign and for it to be effective October 18. I am so disappointed that I can not fulfill my commitment to this district and to you. It has been a wonderful time here and I have truly enjoyed working with you. I wish you all the best during the rest of this school year. You have been a great support to me as I have transitioned to life in Alaska.

Regional School Board Report

10/1/19	Call Akiak & Tuluksak	<p>Debby Jackson called and reported that she will start on 10/2 the oral proficiency test in the mornings,</p> <p>Ruth Napoka has already started 2019/2020 Yup'ik Spelling Bee with her students, She is also doing some sewing, yarn (knit/stitch), beading with her 6th block students, Yuraq/drumming with her 7th block students, she needs more materials (Fabric, beads, threads, sewing/beading needles.)</p> <p>Ida Jasper is teaching Yupik Orthography to 8th-12 graders. She is requesting a toner for their school since she always makes copies out of the Yupik Orthography book. She is also teaching about berries and will continue to stick with the berries.</p>	
10/3/19	Searched for Culturally Based Standards Books	Only found a few but not the books. Inventory of the books I can find in the storage.	
First week of October & when I got back from NIEA		Brought my own personal books to fill the shelf in the office of Alaska Native books, Writing, Dictionary, Central Yupik writing book,	
10/6/19	NIEA trip	In the future it would be nice to bring a couple Yugtun teachers from each village to this conference.	
10/16/19		I requested a list of books needed in the Yugtun Ed. Office from Amazon & ANLC, beads and supplies for all 3 schools.	
10/17/19	Helped out in the Yugtun classroom in the morning.	<p>9:15-12:30, I went to the school to observe in the Yugtun classroom and help out. Shared the family tree and family terms with the following (Roxanne & Mary). The others were not available or were not at work. I went over the empty lesson plan with Roxanne and how she can add-on this lesson plan if she is willing to read <i>Two Old Women</i> each year. The book is culturally based and connects with all target areas (Subsistence, survival, cultural expression, community, government, health & wellness, and language.)</p>	

I requested these books because if anyone walks into the Yugtun Education Director office they should be able to see documents if asked for a history of the spoken/written language, history of our school district, history of education in our region, history of the three villages in our school district. The classroom materials (books) copies are needed as a backup for any questions or backups that may be needed.

Superintendent's Report Yupiiit School District November 1, 2019

1. Appreciations/Congratulations

- a. Mindi has been a huge helper in working out the kinks with Aimsweb Plus testing.
- b. We need accolades for Kaylin and John in getting the title grants completed and in progress.
- c. I want to thank each of you who participated in the Budget Committee Meeting for determination of title fund spending. Your collaborative efforts assure all have a voice in the process.
- d. Thank you to Mr. Haberly's wife for the Sticky Buns! I divided and shared with the district office! What a great cook.
- e. Thanks to Doug Bushey for the invitation to Tuluksak for his Family Engagement Spaghetti Dinner and Yupik Dancing. It was a great evening and represented by 177 plates served.
- f. Thanks to Matthew Turner for making the bread! And others who helped.

2. Strategic Planning

- a. I would like to suggest a committee to quarterly review our strategic plan. Many of the goals we have set have been met as of this date. I would like us to review additional goals to work on in addition to the ones that are ongoing. It is suggested we remain in a holding pattern and enhance the ones we have to assure fully meeting that particular goal.
- b. Principals have been asked to follow up on student reading logs in an effort to keep students reading in the evenings.
- c. Students are participating in the Acellus courses after school.
- d. Principals have been asked to review the attendance and leave BP with staff. No more than 10% of staff should be out of the building on any given day. Prior approval is expected for leave taken the day before or the day after a holiday.

3. Finances and Grants

- a. We are hopeful the student count in October will allow additional funds per student allocation. Enrollment continues to remain steady since last month.
- b. Mindi has submitted to the state 17 additional intensive students which if approved will generate at least a million dollars to the budget through SPED.
- c. Additionally, we are submitting an application for a Literacy Grant to DEED (3-5 years with over a million distributed) to further meet the reading needs of our students. I contacted the state department and very excited to participate in this. Mindi is taking the lead. A letter of intent was submitted October 25 and our final application will be November 1.

We want to use these funds to meet our strategic goal that we have students on reading level by grade 3. We would like to use the monies for the following;

1. Purchase of LLI materials
 2. Hire a Reading Specialist to handle the grant
 3. Purchase ipads for one on one
 4. Additional teacher training in the use of (Leveled Literacy Intervention) LLI
 5. Etc....
- d. Working on a yearly Budget Calendar for the district
- e. Working with John on grant spending, personnel hiring.
- f. At this point in time we are 2 pupils over in our foundation funding formula. Final count is the last Friday in October and November 16 we should know about our \$\$ from the state.

4. Facilities/Maintenance

- a. Need teacher housing
- b. Break-in and theft in Akiachak and Akiak. Our teacher vehicle was broken into in Akiak and the maintenance fuel was stolen in Akiachak.
- c. We have had over 450 workorders submitted through the SEERC Maintenance system. SEERC notified us to speak with Judy Anderson about the excessive numbers of workorders. I will explain this in closed session.
- d. Judy has been asked to recore one door in the Akiachak Maintenance Shop to securely store shop materials and tools.
- e. Judy has been asked to look into the repair of the USA flag at Akiachak school. Her report will follow
- f. In response to Sam George's letter, Judy has been told by Title Search that there will be a charge of \$250.00 for the first search and \$200.00 for each thereafter. If the question by Sam is about who owns the land then perhaps Akiak should pay for the search. The last lease to be discussed was in 1986 to our knowledge.
- g. Principals will check in teachers into housing and do the inspections of the premises for in and out. Principals will be. In charge of issue of keys and signature of the contact lease and key agreement. This will take time off of Judy's to deal with other maintenance issues.
- h. Principals have made several workorders they feel ate of safety for children matter.

5. Technology

- a. Anthony is looking at company or individual to look at our infrastructure to see where expenses can be cut and review the need for upgrades in our system. Currently, there is no backup system in place should a main computer go down.
- b. Within the next 2 years our phone system will be outdated by 30 years. We are going to eventually need PA systems in all three schools and phone upgrades. Anthony has estimate on his report.
- c. During our District Leadership meeting on Monday, October 21, Anthony issued an assignment to principals to do an inventory of technology equipment. We would like to see fair distribution of equipment and target having one on one ipad and or computer for each school.
